RE: Notice of Ex Parte Communication
GN Docket No. 09-51

Dear Ms. Dortch:

On March 11, 2010, the undersigned of this Firm and Mary Rasenberger, on behalf of the Motion Picture Association of America, Inc. ("MPAA"), held a telephone conference with Zachary Katz, Deputy Chief, Office of Strategic Planning and Policy Analysis, to discuss matters relating to the importance of content protection as part of the National Broadband Plan.

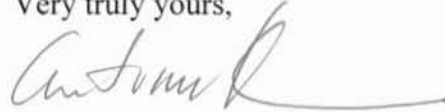

In particular, I reiterated the points made in MPAA's comments filed as part of this proceeding on October 30, 2009. I explained that intellectual property theft and piracy are an acute and growing problem with respect to content distributed online. I urged that the draft Broadband Plan recognize the importance of protecting intellectual property online and that the Plan include balanced recommendations with respect to the use of copyright material for educational purposes balancing the public benefits with the rights of the copyright holders.

This letter is being submitted electronically in the above-referenced docket, which has been granted permit-but-disclose status, pursuant to Section 1.1206(b) of
